OVERVIEW

A mid-sized lab company employs a billing company to assist with all claims management. Typically, due to high volume and low disputed amounts, it's inefficient for the billing company to work on cases for appeal. Working seamlessly alongside this lab's billing company, Collect Rx identified and appealed underpaid out-of-network claims, and was able to find claims to be appealed and helped recover over \$4M.

HOW WE HELPED

Collect Rx gained payor portal access for UHC, Cigna, & Aetna. By utilizing our signature CRX>Select, we analyzed the past 12 months of processed claims to identify cases for appeal. With this information, we pulled EOB's and claim forms via the client clearinghouse and the appeals process began.

- Post-Payment Recovery "Appeal" Service includes:
 - Up to 12-month legacy review of your OON processed claims (Aetna / UHC / Cigna portals) to identify and select potential claims for recovery.
 - The intake and processing of all identified claims for recovery.
 - Maximizing recovery through reconsiderations, negotiations, appeals, & denials.
 - Follow up and payment verification of any settled claims.
 - Recurring reviews of the payor portals to identify new claims for recovery. (Based on volume and results: weekly/monthly/quarterly).

OUR SUCCESS
